INTERMEDIATE ARCHITECT (Montréal)

ERA is seeking an Intermediate Architect with heritage expertise for a large-scale rehabilitation project. The position will be located in Montréal. The position will involve working in a collaborative team environment, working on all projects phases including research, analysis, site investigations, report writing, production of construction documents (drawings and specifications), consultant coordination, attendance at meetings, problem solving, site review, and contract administration.

Expertise and Experience sought:

- Graduate of a master's program in Architecture;
- Intern architect or licensed architect;
- Have acquired approximately five years of on-the-job experience in an architectural environment;
- Have a strong interest and experience in heritage conservation (in academic and/or professional settings);
- Have a good familiarity with architectural standards and building practices;
- Have strong communication skills in English and French (both spoken and written);
- Be proficient in AutoCAD, Revit, Adobe Creative Suite, and MS Office;
- A post-graduate or other conservation-type degree or training will be considered an asset, as will membership of CAHP (Canadian Association of Heritage Professionals).

Employment Conditions:

- Competitive salary according to level of experience;
- 37.5-hour work week;
- Generous health and dental benefit plan;
- RRSP matching plan;
- Tuition Reimbursement plan.

To apply, please send your resume to employment@eraarch.ca and indicate in the subject line: "Application for Intermediate Architect—Montréal"

We thank all applicants for their interest; however only those selected for an interview will be contacted. No agency referrals will be considered.

About ERA Architects: Founded in 1990 and based in Toronto, Montreal and Ottawa, ERA Architects Inc. specializes in architecture, landscape, heritage conservation and planning as they relate to historical places and provides full professional services for both the public and private sectors. Our core interest is in connecting heritage issues to wider considerations of urban design and city building, and to broader cultural values that provide perspective to our work at different scales. ERA frequently works collaboratively with other firms to engage in city building, conserving heritage architecture, and improving the built environment.
